

**APPENDIX G- English**  
**Stephen F. Austin State University**  
**College of Education- Office of Teacher Education**  
**Request for Permission to Videotape in the Classroom**

Due to the nature of the Certification Program, videotaping of student teachers and interns during times when they are in the classroom teaching, team teaching, or assisting is done primarily to benefit the student teacher/intern. Much can be gained by watching oneself teach and interact with students. Often what is observed by a cooperating teacher or a field supervisor and what an intern/student teacher sees is different. We all benefit from reflecting. This is why we ask your permission to allow your daughter or son to be video-taped during a class lesson.

I, \_\_\_\_\_ give permission for my child,  
parent's name

\_\_\_\_\_ to be video-taped  
while child's name

SFA student teacher/interns are being video-taped in the classroom. I understand the taping is primarily for student-teacher/intern evaluation purposes only.
