

Perkins College of Education COMMITTEE PROGRESS REPORT

Committee: Teaching Excellence Committee Date Submitted: April 30, 2015

Submitted By: Jannah Nerren

Semester: fall and spring Year: 2014-2015

Report of Activities

2014-2015 Goals:

This committee is charged with selecting the PCOE Teaching Excellence recipient, planning and hosting the recognition reception, and reviewing and maintaining the selection procedures.

Summary of Accomplishments/Activities completed :

The committee met three times, (in addition to the reception), individually reviewed the nominee's materials, and collaborated through email.

The procedures were reviewed and updated.

The Adjunct Teaching Excellence recipient was also selected by this committee, and recognized at the reception, both new additions to the committee's responsibilities.

The Teaching Excellence Reception was extremely well-attended; possibly a result of increased communication.

Recommendations for Action for next year:

Increase participation in the nomination process for the adjunct award by announcing nomination window earlier and more frequently.

Implement revised procedures.
